

Avoid the Risk of Unexpected Costs and Repairs.

Help keep your vehicle running longer for less with a SecureNet VSC.

ESTIMATED REPAIR COSTS

COMPONENT	COST ESTIMATE ⁴
ENGINE	\$6,442
TRANSMISSION	\$4,475
BRAKE SYSTEM	\$2,458
AIR CONDITIONING	\$1,160
POWER STEERING	\$985
DRIVE AXLE	\$759

Accepted in U.S. & Canada

Your SecureNet VSC can be used at approved repair facilities throughout the U.S. & Canada.

A SecureNet VSC may help you reduce the above repair costs,⁵ Choose a plan that is right for you today.

4. These costs are for illustration purposes only. Cost estimates may vary by vehicle make, model and repair facility repair rates. Average estimated costs based on GS Administrators paid claims.

5. Actual reduction of repair costs may depend on your deductible and other factors set forth in the VSC.

SecureNet[®] Vehicle Service Contracts provide serious coverage you can count on.

Protection

A SecureNet VSC protects you against unexpected expenses that can result from the ownership of your vehicle.

Peace of Mind

Rest easy knowing that your SecureNet VSC will protect you from costly repairs, and price increases, keeping your vehicle running longer, for less.

Predictability

Rest assured that key components of your vehicle are covered for unexpected repair expenses with a SecureNet VSC.

VEHICLE SERVICE CONTRACTS

WITH ROADSIDE ASSISTANCE

Peace of Mind for the Road Ahead

Getting you back on the road is important to us, so we also provide these additional benefits with the purchase of a SecureNet Vehicle Service Contract (VSC).

Roadside Assistance

Invaluable help when you need it. Coverage includes: ¹

- Towing
- Lockout assistance
- Jump start
- Fuel and fluid delivery
- Flat tire changes
- 365 days-a-year availability

Substitute Transportation

If a covered part fails and you can't drive your vehicle, SecureNet VSC will provide reimbursement up to \$50/per day to cover substitute transportation for up to five days.²

Protection When You Travel

If you are over 150 miles from home and a covered part fails, your SecureNet VSC offers reimbursement up to \$75/per day for meals and lodging, for up to four days.²

Transferability & Enhanced Resale Value

Your SecureNet VSC may enhance your vehicle's resale value and can be transferred³ to the new owner should you decide to sell your vehicle.

1. Parts and fuel/fluids are your additional cost.

2. See individual contracts for details on applicability, limitations and reimbursement limits.

3. Additional fee applies.

Comprehensive coverage options for the road ahead.

6. See VSC for detailed coverage information.

Computers: Today's vehicles are complicated. Choose the right VSC that will cover the critical computers & electronics that make your car hum.

Heating & AC: Coverage for the systems that keep you comfortable — including the A/C compressor, condenser and evaporator.

Engine: Protection for all internally lubricated parts.

SecureNET®

VEHICLE SERVICE CONTRACTS

Fuel System: From the tank to the fuel pump and injectors, you'll be covered.

Brakes: Brakes are vital. Protection for the master cylinder straight through to the calipers.

Suspension: Control arms, tie rods, ball joints, bearings, bushings and more.

Steering: Keeping you headed in the right direction with coverage for the power steering rack, steering column and more.

Transmission: Covering internally lubricated parts, seals and mounts.

All the Coverage You Need

Note: This drawing is for illustration purposes only. Items covered may vary depending on options chosen by you.

Wrap Service Contract

New vehicles today often come with a full manufacturer's warranty for 3yr/36K miles along with a powertrain warranty that covers for a longer period.⁷ Once your full manufacturer's warranty expires, your only protection for your new vehicle is the powertrain warranty, which only covers the engine, transmission and the drive train components.

After your full manufacturer's warranty ends, SecureNet Wrap VSC offers options to continue covering components that your powertrain warranty does not.

Avoid unexpected out-of-pocket expenses by purchasing a SecureNet Wrap VSC.

Wrap Coverage Options

PREMIER PLUS - WRAP

The ultimate Wrap coverage protection — expanding your Manufacturer's Powertrain Warranty Coverage to cover most mechanical breakdown components, except for coverage listed as excluded in your VSC.⁸

New - Coverage Years/Miles

• 3 Years • 4 Years • 5 Years • 6 Years • 7 Years •

Up to 100k Miles

PREMIER - WRAP

Covers most components your Manufacturer's Powertrain Warranty does not. Coverage includes the protection of the electrical components, suspension, brakes, computers, electronics, steering, air conditioning & heating, fuel system and your vehicle's cooling system.⁸

New - Coverage Years/Miles

• 3 Years • 4 Years • 5 Years • 6 Years • 7 Years •

Up to 100k Miles
